

REALTORS® AGAINST HUNGER FOOD DRIVE

*LIBOR and Island Harvest
are joining forces to combat
hunger on Long Island!*

The Long Island Board of REALTORS® Inc. (LIBOR) is proud to mark the launch of the 11th Annual REALTORS® Against Hunger (RAH) campaign by sponsoring Island Harvest's Annual Turkey and Trimmings Collection Campaign. LIBOR will be joining Island Harvest, Long Island's largest hunger relief organization, this holiday season to inform the community on the various ways to participate, donate, volunteer and help those in need during this crucial time. Hunger is a year-round issue, which unfortunately, does not take any holidays.

Island Harvest's Annual Turkey and Trimmings Collection Campaign runs between November 1st and December 31, 2018. There are many ways to get involved in this worthy program, from donating non-perishable food items, frozen turkeys or gift cards, to volunteering or hosting a food drive; your contribution of food and funds will ensure that our neighbors are able to enjoy the warmth of a holiday meal.

In addition to sponsoring the Turkey and Trimmings Collection Campaign, participating REALTOR® offices will be collecting donations of non-perishable food items throughout Nassau Suffolk and Queens Counties in the months of November and December. This collection drive will support efforts to provide food to hundreds of local food pantries, soup kitchens, shelters and other programs that feed the hungry. The holiday season can be especially difficult for our neighbors living with hunger and poverty. With more than 300,000 children and adults at risk of hunger each day on Long Island, the Long Island Board of REALTORS® is committed to helping provide critical food support to those in need and assisting our communities in the fight against hunger.

LIBOR is honored to join Island Harvest to inform and inspire our community to help fight hunger not only this holiday season, but year round. If you wish to get involved in the REALTORS® Against Hunger program, please visit:
